

CAARE Foster Application Form

Name:

Address:

Phone:

Email:

Why are you interested in fostering?

Are you able to provide love, patience, exercise, shelter, and quality food for the foster dog, as well as meet with potential adopters, go to adoption events and vet appointments? If no, please specify.

Home

Do you rent or own your residence?

If you rent do you have permission to have a dog?

Do you have a fenced yard? If no, how will exercise and toilet be handled?

Please list the names and ages of all people living in your residence including yourself.

Please give type and ages of all pets that reside in your home.

Are your pets spayed/neutered? If not why?

How many dogs have you owned in the past?

What happened to your last dog?

Fostering

Where will the foster dog spend most of the day?

Where will the foster dog sleep?

How many hours will the foster dog be alone during the day?

Have you ever fostered a dog before? If yes what was the rescue organization?

CAARE will handle all vet costs and will make appointments according to your schedule but you must be able to get the dog to the appointment, is this an issue?

Are you willing to foster a dog that may need some training? IE; potty training?

Are you willing to foster an older dog?

Are you willing to foster long term if necessary? IE; several months?

Do you have any fostering restrictions? IE; size, breed, age? What is your ideal foster? IE size, breed, age?

Info

Are you fostering with intent on adopting? If yes are you able to cover vet costs should the dog become ill or injured?

Do you have any experience with training dogs with issues? IE; food/fear aggression, separation anxiety?

Please give us any other info about you and your family that would be helpful to us.

Thank you for helping a dog in need!! Please read the terms below and sign the Foster Agreement.

CAARE Foster Agreement

This agreement is entered into, on _____, 2015 between CAARE and _____, hereafter referred to as Foster Home. A Foster Home is defined as a temporary home for an animal to live in while he/she awaits a permanent adoption through CAARE Rescue. The purpose of this agreement is to ensure that this animal obtains the best care and treatment during his/her stay in the Foster Home.

The Foster Home agrees to the following terms:

1. To temporarily house and care for animal(s) belonging to CAARE acknowledging that CAARE is the sole and rightful owner of the foster animal(s).
2. To treat this animal in a humane and loving way at all times, and to ensure that anyone else caring for or coming in contact with this animal will do the same.
3. To provide this animal with any necessary medication or vet services approved by CAARE Rescue. Additional medications and/or treatments considered by Foster Home to be necessary must be discussed with CAARE prior to being given to the animal or prior to the animal being taken for veterinary care, CAARE will not be responsible for any veterinary expenses that have not been previously discussed. Foster Homes are responsible for medical expenses incurred as a result of their negligence. If the animal has a life-threatening emergency where Foster Home must act quickly, Foster Home must contact CAARE asap after ensuring that the animal is treated.
4. To keep this animal clean, well groomed and safe from harm.
5. To feed a wholesome pet food, (generally supplied by Rescue) and have fresh water available at all times.
6. To maintain the animal inside the premises of the Foster Home, not outside, nor in a garage or shed, etc. This animal shall not be left outdoors alone when Foster parents are not around, nor shall it be left alone with any child under 12 yrs.
7. To keep this animal on a leash when the animal is outdoors, unless the animal is in a securely fenced area or securely fenced yard. This animal may not be left alone if the Foster Home is not providing supervision. If the animal gets lost, Foster Home must contact CAARE immediately.

The Foster Home also understands that the following terms apply:

1. CAARE will make all serious decisions regarding this animal's welfare, eg obedience training or method of discipline.
2. CAARE is not responsible for any damage caused by this animal while in foster care – specifically, CAARE assumes no liability for any damage to persons or property caused by the dog when in the care of the Foster Home.
3. All resident animals in the Foster Home must be UTD on their annual vaccination. These include Rabies, Bordatella and DA2PPV (or other combination of distemper, parvo virus vaccination etc).
4. Foster families understand that even if their animals are fully vaccinated, they may be exposed to viruses and parasites with the introduction of their Foster Dog into their home. All CAARE's foster dogs undergo a thorough veterinary examination upon entry into the rescue, but we cannot guarantee they have not been exposed to the above mentioned.
5. That if Foster Home decides to adopt this animal permanently, foster parent must notify CAARE prior to home visits from other potential adopters. Although CAARE gives preference to foster homes in adoptions, it is not a certainty and Foster Home should not expect to automatically adopt the foster animal.
6. That the care of this animal is not transferable. Foster Home agrees that, if for any reason, it is unable to continue to house and care for the animal, CAARE must be given 48 hr. notice and Foster Home must make arrangements to return the animal to CAARE Rescue. Foster Home agrees that when asked to return the animal, it will do so within 48 hours of being asked. If Foster Home is unavailable at the time the animal is needed, Foster Home agrees to make the animal available for pick up within that 48 hour period.

7. Should the Foster Home refuse to relinquish the foster animal(s), for any reason, to CAARE within the guidelines or timelines set out, a \$500 penalty will be incurred by the Foster Family.
8. That it is often foster parents' job to determine or assess the temperament of the animal they are fostering. Foster Home understands that CAARE has no way of knowing the history or temperament of many of the animals coming into its rescue program. Therefore, Foster Home agrees to use due caution when handling the foster animal. Foster Home is fully aware that any animal may bite if provoked. Foster Home agrees to never allow any stranger or child to be near this animal until this animal is trusted, and to never allow anyone to threaten, squeeze, poke, step on, or otherwise pose a perceived threat to this animal. If Foster Home determines the animal to be a biter, or a bite risk, it is to contact CAARE immediately for instructions.
9. That a representative of CAARE may visit the home at any time to check on the well being of this animal.
10. That CAARE cannot predict specifically how long an animal will stay in foster care but will endeavor to find a permanent home asap. Foster Home agrees to care for the animal as long as fostering is needed.

I have read and understand this agreement and agree to all the above terms.
